

Aarish Sheikh

Software Engineer | Full Stack Developer

Wagholi, Pune | [\(+91\)7249210279](tel:+917249210279) | aarishsheikhworkspace@gmail.com | [GitHub](#) | [Linked In](#) | [Portfolio](#)

Professional Summary

Full-stack developer with hands-on experience building and deploying web applications using **Spring Boot**, **React**, and **Django**. Skilled in developing REST APIs, implementing authentication systems, and working with databases like MongoDB and PostgreSQL. Eager to contribute to scalable backend systems and real-world application development.

Technical Skills

Core Focus: Backend Development (Spring Boot, Django, REST APIs)

Programming Languages: Java, Python, JavaScript, C.

Frontend Frameworks: React.js, HTML, Tailwind-CSS.

Backend Frameworks: Spring Boot, Django.

Database: MySQL, PostgreSQL, MongoDB.

Tools and Technologies: Git, GitHub, Postman, Docker, IntelliJ IDEA, VS Code.

Languages: English, Marathi, German(beginner).

Work Experience:

1. Software Engineer Internship | [Pronterra](#) | [March 2026 – Present]

- Collaborating with the development team to build and maintain scalable web and software applications using clean, well-documented code.
- Developing and integrating frontend and backend modules while managing RESTful API integrations and database operations.
- Executing comprehensive testing and debugging protocols to identify performance bottlenecks and ensure high-quality application delivery.
- Contributing to real-world projects in a hybrid environment, adhering to professional coding standards and technical project guidelines.

2. Full Stack Development Intern | [Low Code System Softwares](#) | [June 2025 – January 2026] | [Certificate](#)

- Debugged backend issues and improved API response handling, resolving real-world application errors.
- Built and enhanced backend services using Django and integrated frontend components.
- Developed and tested application features, gaining exposure to full-stack development and deployment workflows.
- Worked with REST APIs and databases to manage data flow and application logic.

Selected Projects

1. AI-Powered README Generator | [Link](#)

Tools and Technologies: Spring Boot, React.js, MongoDB, Gemini | **Duration:** July 2025 – August 2025

- Developed a full-stack web application that generates README files by integrating an external AI API (Gemini) using RESTful services.
- Built backend APIs using Spring Boot to handle user input, process AI responses, and manage data storage with MongoDB.
- Implemented GitHub OAuth authentication to enable secure user login and repository access.

2. Gym (Fithub) Management System | [Link](#)

Tools And Technologies: Java, Spring Boot, JavaScript, MongoDB | **Duration:** Dec 2024 – March 2025

- Built a full-stack application to manage gym members, memberships, payments, and staff operations using Spring Boot and React.
- Implemented JWT-based authentication and role-based access control for Admin, Staff, Trainer, and Member roles.
- Integrated online (**Razorpay**) and offline payment flows with invoice generation and MongoDB-based data management.

3. Enessa Foods - Bakery Solutions Website | [Link](#)

Tools And Technologies: React.js, Figma, Django, Python, Tailwind CSS, SQLite3 | **Duration:** Oct 2025–Nov 2025

- Built a full-stack corporate website using Django REST Framework + React, implementing a decoupled architecture with REST APIs for dynamic content delivery.
- Designed and managed backend modules for products, blogs, services, and homepage data with structured models and Django admin for content control.
- Deployed the application on a Linux VPS using Gunicorn and WhiteNoise, ensuring smooth API integration, media handling, and responsive frontend rendering.

Education

M.C.E. Abeda Inamdar Senior College of Arts, Commerce and Science.

Bachelor Of Computer Science | 89.6% | 9.454 CGPA

Pune, India

2022-2025

Smt. Subhadrabai Ramchandra Bhumkar Junior College.

Science | 71.00%

Pune, India

2020-2022

Certifications & Soft-Skills

- Java Backend Developer ([ICT Academy](#))
- Professional Certificate in SQL([Udemy](#))
- Python & Django Web Development Course ([Udemy](#))
